

**ES**

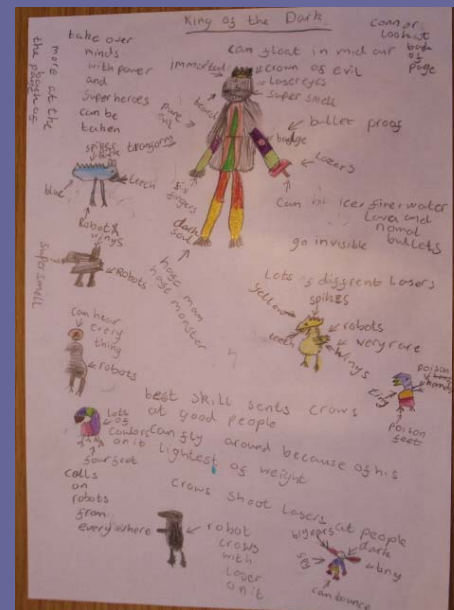

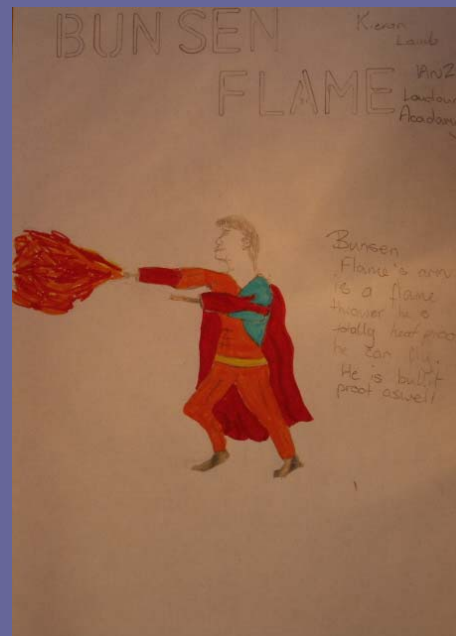

**ENGINEERING SUPER POWERS**

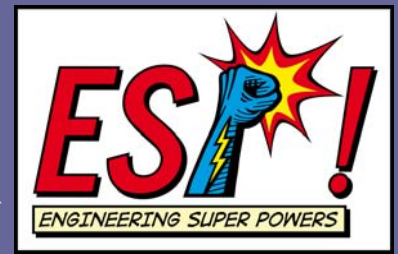

# The Idea

- Why not use children's attraction to superheroes to teach them about biomedical technologies and scientific concepts?

# Developing the Resource Pack

- Focus groups
- Creative Workshop
- Developing materials
- Bioengineering workshops
- Artist workshop
- Evaluation focus groups

# Pupil Experience

- Developing knowledge and understanding
- Multidisciplinary
- Ownership and interaction

# With thanks to....

- NESTA
- The Bioengineering Unit, Strathclyde University
  - Helen Robertson, Leona Morton, Louise Gray & Rutger Zietsma.
- The Schools
  - Battlefield Primary School, Gracemount High School, Loudoun Academy & St Mary's Primary School.
- Learning Services, Strathclyde University
- Graham P Manley
- InCahootz
- Vascutek Terumo
